

Electric Air conditioner Solution

For Agricultural machines, construction machines, light truck

Coolpro3000 adopts a top-mounted integrated layout scheme, a streamlined appearance, light design. The new design allows this air conditioner to achieve a greater cooling capacity. In terms of electronic control, multiple protections are set up to identify faults independently, making it safer to use.

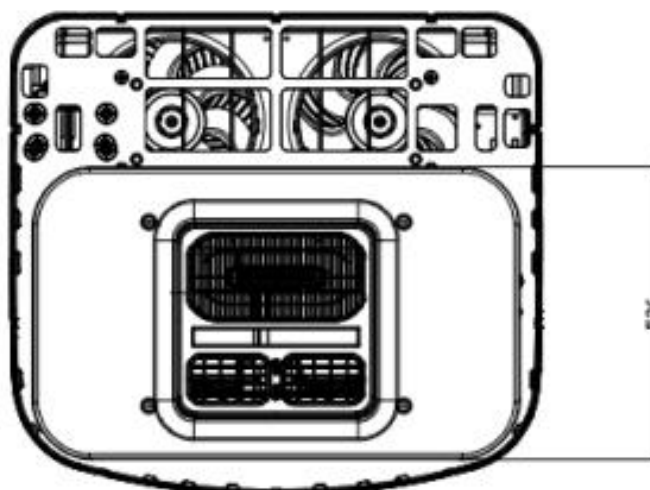

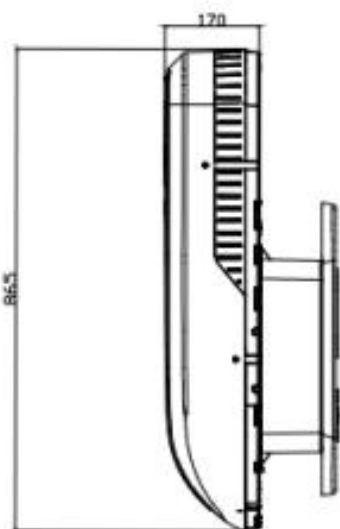

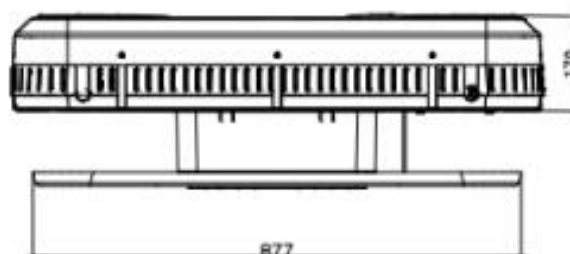

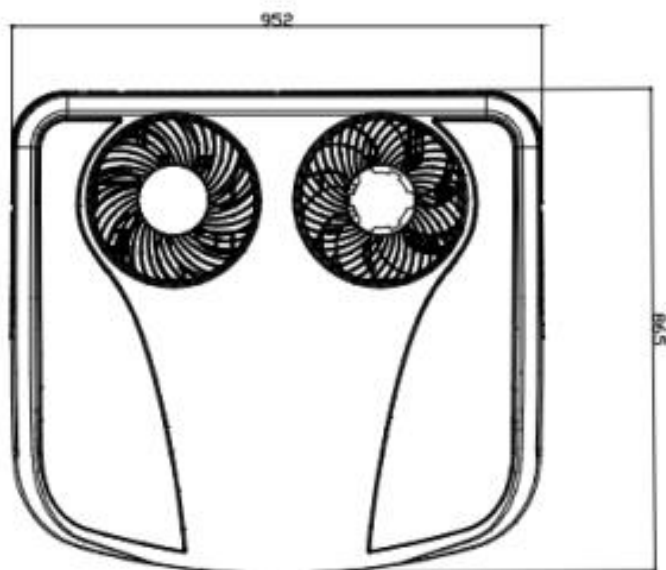

- ☞ Dual fan design, greater cooling capacity
- ☞ Condenser and evaporator brushless fans, quieter and longer life
- ☞ Eye protection LED reading light, long life, anti-light decay
- ☞ Use electric DC scroll compressor
- ☞ Automatic air swing function can evenly cool the cabin
- ☞ Integrated body, easier to install
- ☞ Two control modes: remote control and control panel
- ☞ With low voltage protection function, automatically cut off the power to protect the battery when the voltage is too low

Technical Data

Model	Coolpro3000
Rated Cooling Capacity	3000W/10250BTU
Voltage	DC24V / DC12V
Rated Current	38A / 68A
Air Volume	550m ³ /h
Working Mode	Fan Mode / Eco Mode /Powerful mode
Noise	<65 dBa
Refrigerant	R134a
Refrigerant charge	600g±50g
Condenser fan	Brushless
Evaporator blower	Brushless
Dimensions(mm)	952*865*170mm
Led light	Yes
Timing function	Yes
Blowing mode	Automatic swinging of air(front to rear)
Application	Truck,Heavy truck,Trailer etc.
